ORDINANCE 50.08 TO 50.15--VILLAGE OF STETSONVILLE
AN ORDINANCE PROVIDING FOR INSTALLATION AND PAYMENT OF CULVERTS WITHIN THE VILLAGE

The Village Board of the Village of Stetsonville do ordain as follows:

SECTION 50.08 There shall be furnished by the Village Board of the Village of Stetsonville to the owner of each lot or parcel of land within the corporate limits of the Village of Stetsonville upon which there is located a home or a business establishment, a sixteen-foot (16), ten-inch (10) culvert, to be laid in the ditch fronting upon each such lot or parcel of land, provided, always, that there shall first have been obtained by such property owner a certificate of necessity in the manner as in hereinafter provided.

SECTION 50.09 Each such owner of a lot or parcel of land in the Village of Stetsonville may file with the Village Clerk a petition in writing setting out the lot or parcel of land which he desires to be served by such culvert. Such petition shall be heard and considered by the Village Board of the Village of Stetsonville at its regular meeting next held after the filing of said petition, and said Village Board shall hear all persons interested who desire to be heard in favor of or against the granting of said petition. After the hearing so to be held the said Village Board may, at its option, grant and allow said petition, but may not be compelled to do so.

SECTION 50.10 Should such petition be allowed by the Village board, then and in that cased the officer in charge of highways and streets within the Village of Stetsonville shall furnish a culvert of the dimension above described to said petition, as soon as may be practicable so to do, depending upon the supply availability thereof.

SECTION 50.11 Such culvert shall be installed by the petitioner at his own cost and expense, and the Village of Stetsonville shall bear no part of the costs for such installation. Such installation shall, however, be under the direction of and shall have the approval of the officer of the Village of Stetsonville in charge of streets and highways, and should such culvert be so installed without the approval of such officer, then and in that case such culvert shall be subject to removal by the proper authorities as a street obstruction.

SECTION 50.12 Should it appear necessary that a culvert larger than the one as hereinbefore mentioned and set forth be required by the petitioner, than and in that case a larger culvert may be supplied but the cost of such larger culvert over and above the cost of a sixteen-foot (16), ten-inch (10) culvert shall be paid to the village of Stetsonville by the petitioner prior to the furnishing to him of such culvert.

SECTION 50.13 The cost of all such culverts furnished to property owners under the provision of this ordinance shall be paid out of the fund appropriated for the maintenance of streets and highways.

SECTION 50.14 This ordinance shall not abridge and does not contravene any of the provisions of Section 86.05 of the Wisconsin Statutes.

SECTION 50.15 This ordinance shall be in effect from and after its passage and posting.

Passed by the Board on March 6, 1951.
