

**ORDINANCE 240A—VILLAGE OF STETSONVILLE
AMENDMENT TO ORDINANCE NO. 240 WELL ABANDONMENT
AND WELL OPERATION PERMIT ORDINANCE**

WHEREAS, s. NR 810.16, Wisconsin Administrative Code, directs suppliers of water for municipal water systems to require the abandonment of all unused, unsafe, or non-complying wells located on the premises served by their system, and to provide a permit system to allow retention of safe and code complying wells, by local ordinance or water utility rule, to eliminate sources of unsafe water and to prevent such wells from becoming channels for vertical movement of contaminated water and to eliminate all existing cross-connections and prevent all future cross-connections.

NOW THEREFORE, the Village of Stetsonville Board of Trustees do hereby ordain as follows:

Section 1: SECTION 5 (1) of Ordinance #240 Well Abandonment and Well operation Permit Ordinance is hereby deleted in its entirety and re-created as follows:

CONTENTS SECTION 5: WELL OPERATION PERMIT

Owners of wells on premises served by the Stetsonville municipal water system wishing to retain their private wells for any use, shall make application for a well operation permit for each well no later than 90 days after connection to the municipal water system. The Village of Stetsonville shall grant a permit to a well owner to operate a well for a period not to exceed 5 years providing all conditions of this section are met. A well operation permit may be renewed by submitting an application verifying that the conditions of this section are met. The Village of Stetsonville may require inspections and water quality tests to be conducted at the applicant's expense to obtain or verify information necessary for consideration of a permit application or renewal. Permit applications and renewals shall be made on forms provided by the Clerk. All initial and renewal applications must be accompanied by a fee of \$50.00.

The following conditions must be met for issuance or renewal of a well operation permit:

The well and pump installation shall meet the Standards for Existing Installations described in s. NR 812.42, Wisconsin Administrative Code, or repaired to comply with current standard. Compliance shall be verified by inspection for initial issuance of a permit and every 10 years thereafter. Inspections shall be conducted by a Wisconsin licensed well driller or pump installer and documented on inspection report form DNR #3300-221, to be submitted to the Clerk.

Section 2: This ordinance shall take effect and be in force from and after its passage and publication, as provided by law.

Passed and adopted the 14th day of August, 2017
